

FUEL CARD

In 1978, a former fleet owner believed there was a better way for a driver to pay for fuel than a pocket full of cash and oil cards. From that belief came **Multi Service Fuel Card**, which not only gave fleet owners cash price at the pump, but account oversight and control like never experienced before.

Today Multi Service Fuel Card is accepted at more than 5,000 locations and has been a trusted partner for fleets across the United States and Canada. Ready to run with the Powerful Card?

**FUELING THE
AMERICAN
DREAM SINCE
1978**
